**Electric Tankless
Water Heaters**

99% Energy Efficient
Reduce water waste and utility costs with
Chronomite's on-demand electric water heaters

The Original Innovator of ELECTRIC TANKLESS WATER HEATERS

Check out our website for our online builder and competitive comparison guides. www.chronomite.com

Better Engineering: Leading the way in research and design of tankless water heaters since 1966.

Cost savings: 99% energy efficiency means less water and energy use, and less utility costs.

Low Maintenance: A Self-cleaning feature, eliminates alkali and calcification buildup.

Hygienic: Models featuring a controlled output temperature deliver water without risk of scalding. Water is maintained at a consistent, anti-bacterial temperature for hand-washing.

Safe & Secure: A Chronomite tankless water heater eliminates the possibility for gas leaks, explosions, and tank corrosion that can cause flooding.

Lead Free: All Chronomite units are engineered with lead free components.

Earn LEED Points: Our water and energy-saving units earn building points toward USGBC certification according to LEED standards.

Manufactured in the USA

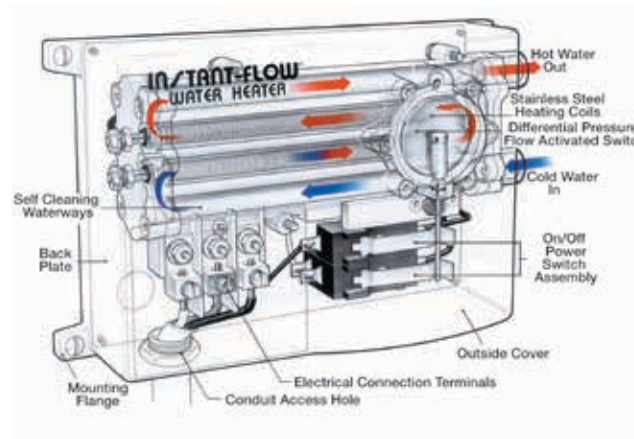

15-MINUTE INSTALL

Installing a Chronomite water heater is easy and takes only 15 minutes. Proper installation and maintenance of your instantaneous water heater can optimize its energy efficiency and lifespan.
