The Chronomite Mini Tank Water Heaters can be used in most under the counter, point of use applications. Models CMT-1.3, CMT-2.5, CMT-4.0 and CMT-6.0 are designed to supply hot water for all Hand Wash and Kitchen Sinks in a residential, commercial or industrial environment. These heaters can replace traditional central hot water heaters thereby conserving water and reducing energy waste. The Chronomite Mini tank Water Heaters are lightweight, compact, manufactured for easy installation, and designed to be mounted on the wall.
