

## SHOWERHEADS Model A-752 Series

### APPLICATION

Omni® Model A-752 Series Showerhead flow controls are ideal for schools, correctional facilities, hotels, motels, military installations, healthcare facilities, residential applications and other locations where pressure compensating & precise flow control at specific flow rates is needed.

Model A-752 Series

### PRODUCT FEATURES

- Pressure Compensation means constant flow rate from 40-120 PSI
- Flow rates - 1.0, 1.5, 2.0, 2.5 GPM
- Adjustable spray pattern
- Chrome Plated Brass Bell Housing
- Swivel Adjustment
- Self Cleaning
- Lead Free option available

### SUGGESTED SPECIFICATIONS

#### Model A-752

Showerhead shall be equipped with Omni® A-752 Series Flow Control Showerhead or approved equal. The pressure compensating flow control incorporated in the showerhead shall deliver the specified flow rate over a range of supply pressures from 40-120 PSI. A single orifice restrictor to limit flow rates is expressly prohibited. Showerhead to have adjustable spray unless otherwise specified.

### OPERATION

The Omni® Flow Control Showerhead is installed on the shower arm supply pipes to provide a specified flow rate at any supply pressure within a range of 40-120 PSI (+/-10%) and any water temperature not to exceed 160°F.

The showerhead is adjustable from a fine spray to a full stream. The flow control device arrests the discharge velocity of the fluid stream and distributes the stream mass over a sufficient area to prevent unnecessary turbulence and noise generation. All units are self-cleaning

### MATERIAL

The housing is chrome plated solid brass. The elastomeric flow control is ethylene propylene, 70 durometer.

### MODEL NUMBER SELECTION

**A - 752 - 1.50 - LF**

Flow Type	Flow Rate	Lead Free
A-752	1.0 - 1.0 GPM 1.5 - 1.5 GPM 2.0 - 2.0 GPM 2.5 - 2.5 GPM 0.00 - Without flow control	-LF Lead Free option

### FLOW PERFORMANCE CURVES

**OMNI 2.5 GPM**  
Pressure Compensating

**OMNI 2.0 GPM**  
Pressure Compensating

**OMNI 1.5 GPM**  
Pressure Compensating

**OMNI 1.0 GPM**  
Pressure Compensating
